## How Can I Get Help Resolving a VA Education Issue?

As with all other inquiries to federal agencies, the Federal Privacy Act requires that the constituent provide to me a written, signed privacy authorization detailing what you are requesting that agency to provide to me. If you have access to the Internet, you can find a form for this purpose on my website at [www.timscott.house.gov](http://www.timscott.house.gov) and click on Serving You, then select Help with Federal Agencies. If you do not have access to the Internet, we can mail one to you or you can pick one up at either of my District Offices shown above.

### Inquiry Process

I receive requests for assistance regarding other benefits, particularly Education, for veterans and dependents. For many of those, the issue might be resolved in relatively short order through an inquiry, usually six to eight weeks. If you are attending a school that accepts your Veterans' Education Benefits, and you have completed the necessary application with the school, the Veterans Representative for the school can usually coordinate your benefits with VA. However, after attempting to clear up a problem through that office, I can make an inquiry with the VA Regional Office in Atlanta, GA.

Once I get a response, a member of my staff will contact you with the information.
